## **Rotary Minute: *Women in Rotary***

### **Breaking Barriers, Leading the Way**

Did you know that for the first 75 years of Rotary's history, women were not allowed to join? That changed in 1987, when the U.S. Supreme Court ruled that Rotary clubs could no longer exclude women. Since then, women have transformed Rotary, bringing new energy, leadership, and impact to our organization.

Today, nearly 30% of Rotarians worldwide are women, and that number continues to grow. Women now serve as club presidents, district governors, and even as Rotary International presidents—like Jennifer Jones, who made history in 2022-23 as the first female RI president.

Women in Rotary have led major global initiatives, from providing maternal healthcare in Africa to launching literacy programs in underserved communities.

*And that's your Rotary Minute!*
